

WORK

CONTRACT GRAPHIC DESIGNER 10/2016 - PRESENT
STARFISH MEDICAL

Remotely completing graphic design briefs ranging from logos to case study templates using Adobe Creative Suite. Working closely with marketing to ensure brand values are instilled in each project and exceed the expectations of StarFish.

INDUSTRIAL DESIGN INTERN 03/2017 - 08/2017
LAYER | LONDON, UK

Collaborated with a small team of designers on projects ranging from festival exhibitions to consumer electronics with a focus on user-driven insights. Developed and applied a variety of design skills, including user/market research methods as well as communication with factories regarding design for manufacture.

INDUSTRIAL DESIGN INTERN 09/2016 - 02/2017
ELIUMSTUDIO | PARIS, FR

Working in a studio environment on a variety of consumer electronics projects with clients ranging from start-ups to multi-national companies. Generated concepts through sketching, low fidelity mock-ups and CAD alongside a small team of designers. Focus on investigating the role of connected objects in the smart home ecosystem.

INDUSTRIAL DESIGN INTERN 05/2016 - 07/2016
STARFISH MEDICAL | VICTORIA, CA

Worked in a multidisciplinary, ISO 13485 certified environment, contributing to each step of the medical device design process. Worked on several projects with a focus on human factors and usability issues. Conducted qualitative research on designs with patients to receive feedback.
